

Royalty Declaration for use of ITN Source Footage

Please complete this form as soon as editing has been completed and return to Canamedia. A signed declaration form is required even if no ITN Source material is used.

The material used in seconds should be calculated by adding together the total length of time the material appears on the screen. This also applies to any repeat use of shots within the program.

Thank you for your co-operation.

Céline Senis

Notes:

1. You have been granted clearance by Canamedia Film Productions Inc., the exclusive provider of ITN Source footage in Canada, for the use of ITN Source material solely within the context of the royalty category stated above. Should you wish at a later stage to extend this area/number of telecasts, it is essential that you contact Canamedia to negotiate terms.
2. The material has been supplied for use within the stated production and cannot be re-used either whole or in part within any other production.
3. You must complete and return this declaration form within 3 months. If you fail to do so, Canamedia reserves the right to charge for all material supplied at the appropriate royalty rate.
