TWO TALES OF A CITY

A great time can be had in any city, no matter how much you're willing or able to spend, from standing room only tickets at Fenway to floor seats for the Lakers, \$50 steaks in Chicago to \$1 slices in New York, there are two sides to every city.

Still one more catch.....throughout the weekend they are required to showcase the character of the host city by highlighting four categories: food, entertainment, history and culture.

Our host with the fortune may find these tasks easier to complete than the host on the small budget but will she truly have a superior experience? Our hosts will share their tales of where to splurge and where to save during our final segment by the poolside spa.

Two Tales of a City is a funny, sexy and informative program that comes along at the right time. More people than ever are on budgets and it's exactly those people who need to get away (even if they think they can't afford it).

The following is a list of destinations that 3D World Tours have targeted as world class destinations and commenced with preproduction. A selection of 8 other destinations are also in preproduction as reserve in the event of a replacement or will be designated as future episodes.
